# ERP Should be Easier

More than 8,000 companies and a global community of over 300,000 users enjoy the benefits of Priority. Here's why:

## COMPREHENSIVE

A single integrated solution to serve all your business needs – no interface required. Priority delivers dedicated, focused solutions for commercial and manufacturing customers across a wide range of industries.

## SUPERIOR TECHNOLOGY

- The only ERP solution that does not require intensive, ongoing maintenance efforts
- Available as a cloud-based (SaaS) or on-premise installation
- Mobile-friendly interface with fast, easy access from any mobile device or tablet, anywhere – any time

## MATURITY

Backed by 30 years of experience and expertise, Priority has earned its reputation as the ERP system of choice.

## FLEXIBILITY

- Flexible, scalable, multi-language and multi-currency management solution
- Unique customization and rationalization options
- Intuitive user interface supported by responsive Help tools make learning quick and easy

## SHORT IMPLEMENTATION PERIOD

Priority's notably quick implementation and deployment give you the freedom and peace of mind to focus on your company's innovation and growth.

## LOWEST TCO

Priority's flexibility combined with an innovative commercial and operational model offer the most cost-effective ERP solution on the market today, with TCO up to 70% lower than comparable ERP systems. As a result, Priority customers benefit from on-time/on-budget projects, minimizing risks and costs.
