Top 10 Reasons to Do Business with Cincom

Cincom and its partners provide enterprise software and services to help simplify and improve your business operations and customer communications without forcing you to change how you run your business. In the end, we realize the greatest value we offer is to help you deliver a great experience to your customers.

Top 10 Reasons to Do Business with Cincom

1. Sustained Customer Success – providing clients an evolutionary path through technological changes, without disruption to their businesses. Many clients have trusted and grown with Cincom for over 30 years.

2. Leadership Spanning Five Decades – since 1968, helping clients simplify the management of complex business operations and customer communications. Cincom is a pioneer in the software industry, starting in 1968 with the industry's first stand-alone database software as a foundation, continuing today with interactive software technologies and service solutions for the future

3. Serving Diverse Industries – Cincom serves in a variety of markets including manufacturing, healthcare, financial services, insurance, government, and education.

4. Thousands of Clients Across Six Continents – Cincom clients include Ericsson, Federal Reserve Board, Duke University Medical Center, Christian Children's Fund, Mayo Foundation, MetLife, Morgan Stanley, Penn State University, Siemens, and Trane.

5. Innovative Technology – Cincom and its partners provide software and services to simplify business operations and customer communications. Cincom enterprise technologies include contact center and document automation software, database management systems and application development tools, as well as manufacturing solutions and product configuration software.

6. Rapid Implementation – Thousands of major clients around the world rely on Cincom's 40 years of experience to provide innovative solutions to some of their toughest and most complex business problems. Cincom's high quality, rapid implementation, and excellent service provide greater productivity, faster speed-to-market, and a quicker Return on Investment (ROI).

7. Professional Worldwide Support – Cincom's worldwide support network provides 24x7 support for all technologies offered including those from Cincom partners.

8. Professional Services – include: database administration; application development maintenance; manufacturing application consulting; solutions for legacy applications; web development services; application services and hosting; consulting for complex customer communications; and international inbound, outbound, and web-based call center services.

9. Strategic Partnerships – Cincom's strategic partnerships with hundreds of complementary hardware, software, and tools providers ensure that you're connected to just the right solution for your unique needs.

10. Experienced People – On average, our people have 10+ years of experience at Cincom, and 20+ years of experience in the industry. Cincom's people have MBAs, CPAs, CPIMs and CFPIMs, and a "whatever it takes" attitude.

With a world of experience and world-renowned commitment to its customers—many of whom have relied on Cincom for more than 30 years—Cincom supplies the resources you need to satisfy your customers' requirements, increase profit, and gain competitive advantage immediately and in the future.
