Cincinnati, Ohio, USA*

# But we just couldn't contain ourselves!

We're understandably proud that so many fine financial services organizations have selected Cincom software and services as the cornerstone for their strategic systems. For over 35 years, our focus has been on delivering high-value, low-cost, low-risk solutions that provide our clients with significant and rapid returns on their investments. We believe that Cincom's proven, quick, successful implementations offer some of the highest value-producing systems at the very lowest costs of any software provider worldwide. These systems have provided powerful foundations for long-term ROI and profitability improvement for our clients – many of whom have trusted and grown with Cincom for over 30 years.

Cincom solutions deliver sustainable increases in business process productivity, which provide significant competitive advantages. Our solutions and services simplify:

- data access, integration and analytics,
- process automation,
- customer communications, and
- management of complex manufacturing operations

And with a worldwide network of service and support that few in the industry can rival, Cincom is well positioned to provide fast, reliable services for your business – anytime, anywhere. For a truly integrated set of comprehensive software systems and services, talk to a proven performer – Cincom. You'll find yourself in the best of company.
